

MLR 4: Information Gap Cards

Directions: Look at your card. Use the prompts below to guide the conversation with your partner. Fill in the questions and responses in the given spaces. Then use the information to solve the problem individually. Once you have solved the problem, compare your solutions.

Problem Card

Can you tell me ____? (What information do you need?)

Why do you need to know ____? (Repeat information requested)

I need to know because...

Okay. The data says...

What else do you need to know?

Can you tell me ____? (What information do you need?)

Why do you need to know ____? (Repeat information requested)

I need to know because...

Okay. The data says...

What else do you need to know?

Can you tell me ____? (What information do you need?)

Why do you need to know ____? (Repeat information requested)

I need to know because...

My Solution

My Partner's Solution

--	--

Evaluate: Compare you and your partner's solutions.

Are they the same?

Yes or **No**

Explain: Why are your solutions the same or not the same...
